Worksheet 6.1: Analogy Engine and Cross-Domain Map

Companion to Elastic Intelligence, *Chapter 6*

Name: _____ Date: _____

How to use: Use this on one stuck problem (Chapter 6).

The problem in one sentence:

Step	My notes
1. Strip the problem down to its deep structure	
2. Name the pattern in general terms	
3. Search distant domains (nature, history, other industries, AI-assisted search)	
4. Map the borrowed solution back and test it	

Perspective	What it shows	Idea it suggests
Human		
System		
Nature or history		
Ethics
